

Item: 636B

Assembly Instructions:

1. Open carton at “open this end” side.
2. Remove umbrella frame, bottom pole and finial from carton and plastic.
3. Attach bottom pole to main umbrella frame. Pole is 1 3/8” in diameter. Insure bottom pole will fit properly in umbrella base and optional table.
4. Secure umbrella to proper weighted base and table if applicable.
5. To open, rotate crank handle clockwise. To tilt, push tilt mechanism on upper part of frame.

Cleaning Instructions:

With cover on umbrella frame, follow these steps:

- * Brush off loose dirt.
- * Hose down.
- * Apply mixture of water/natural soap (no detergent).
- * Use a soft bristle brush to clean.
- * Rinse thoroughly.
- * Air dry.

Caution:

To prevent damage, umbrella should be completely closed during wind conditions!
